## Summer Camp Opportunities

Camping is a scouting tradition and if your scout has attended any camps in the past you know what a great experience it can be. Camps offer a variety of programs that reinforce the core values of scouting. They also challenge the boys mentally and physically in a fun safe environment. Camps offer incredible programs to spur your Scouts imagination and earn him belt loops and achievements towards their rank.

While at camp Cub Scouts may participate in archery, field sports, nature, swimming, arts and crafts, scout skills and a variety of other activities. It's a great way to see what Boy Scouts is like as all camps are run by local troops.
